

# PROFESSIONAL SYSTEMS OF ORGANIZATION AND STORAGE OF DRUGS

steel box

# Advantages of Modern Drawers

- Occupational safety and hygiene. Metal grid at the bottom of drawers prevents dust from gathering. Automatically closing drawers minimize the risk of suffering an injury.

- Good organization. Easy identification of products, thanks to unique compartments and marking system, which minimizes the risk of making a mistake while dispensing medicines.

- Better control of quantities on hand. Products are well visible, which allows for efficient control of quantities on hand and minimalization of redundant stock.

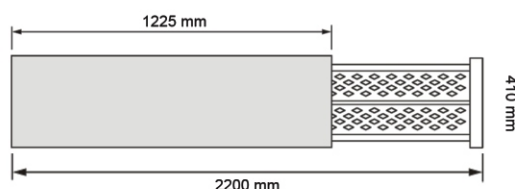

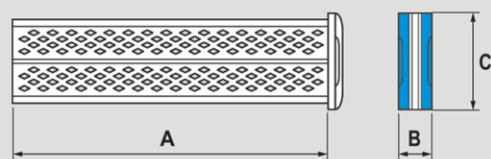

- More room. In view of storage capacity two STEELBOX columns correspond to six meters of traditional stack columns.

- Stable construction and big storage capacity. Light and exceptionally rigid sides with profiled notches for compartments.

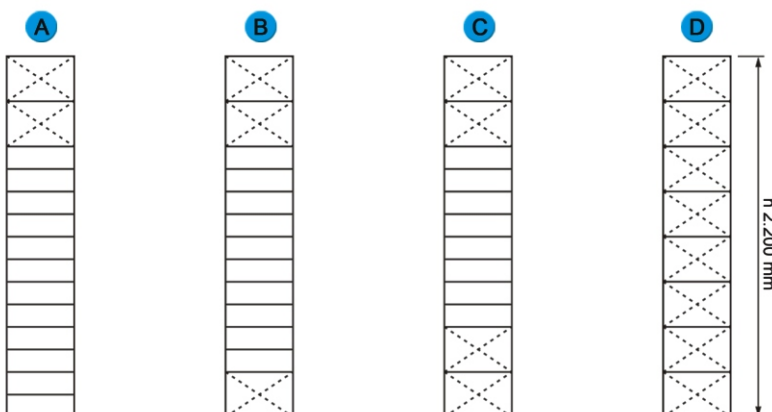

- Shorter time of access. Quicker access to articles, thanks to better designed storage area.

## DIMENSIONS OF STEEL BOX SYSTEM

|        | A       | B      | C        |
|--------|---------|--------|----------|
| Single | 1000 mm | 122 mm | 2x172 mm |
| Double | 1000 mm | 252 mm | 2x172 mm |

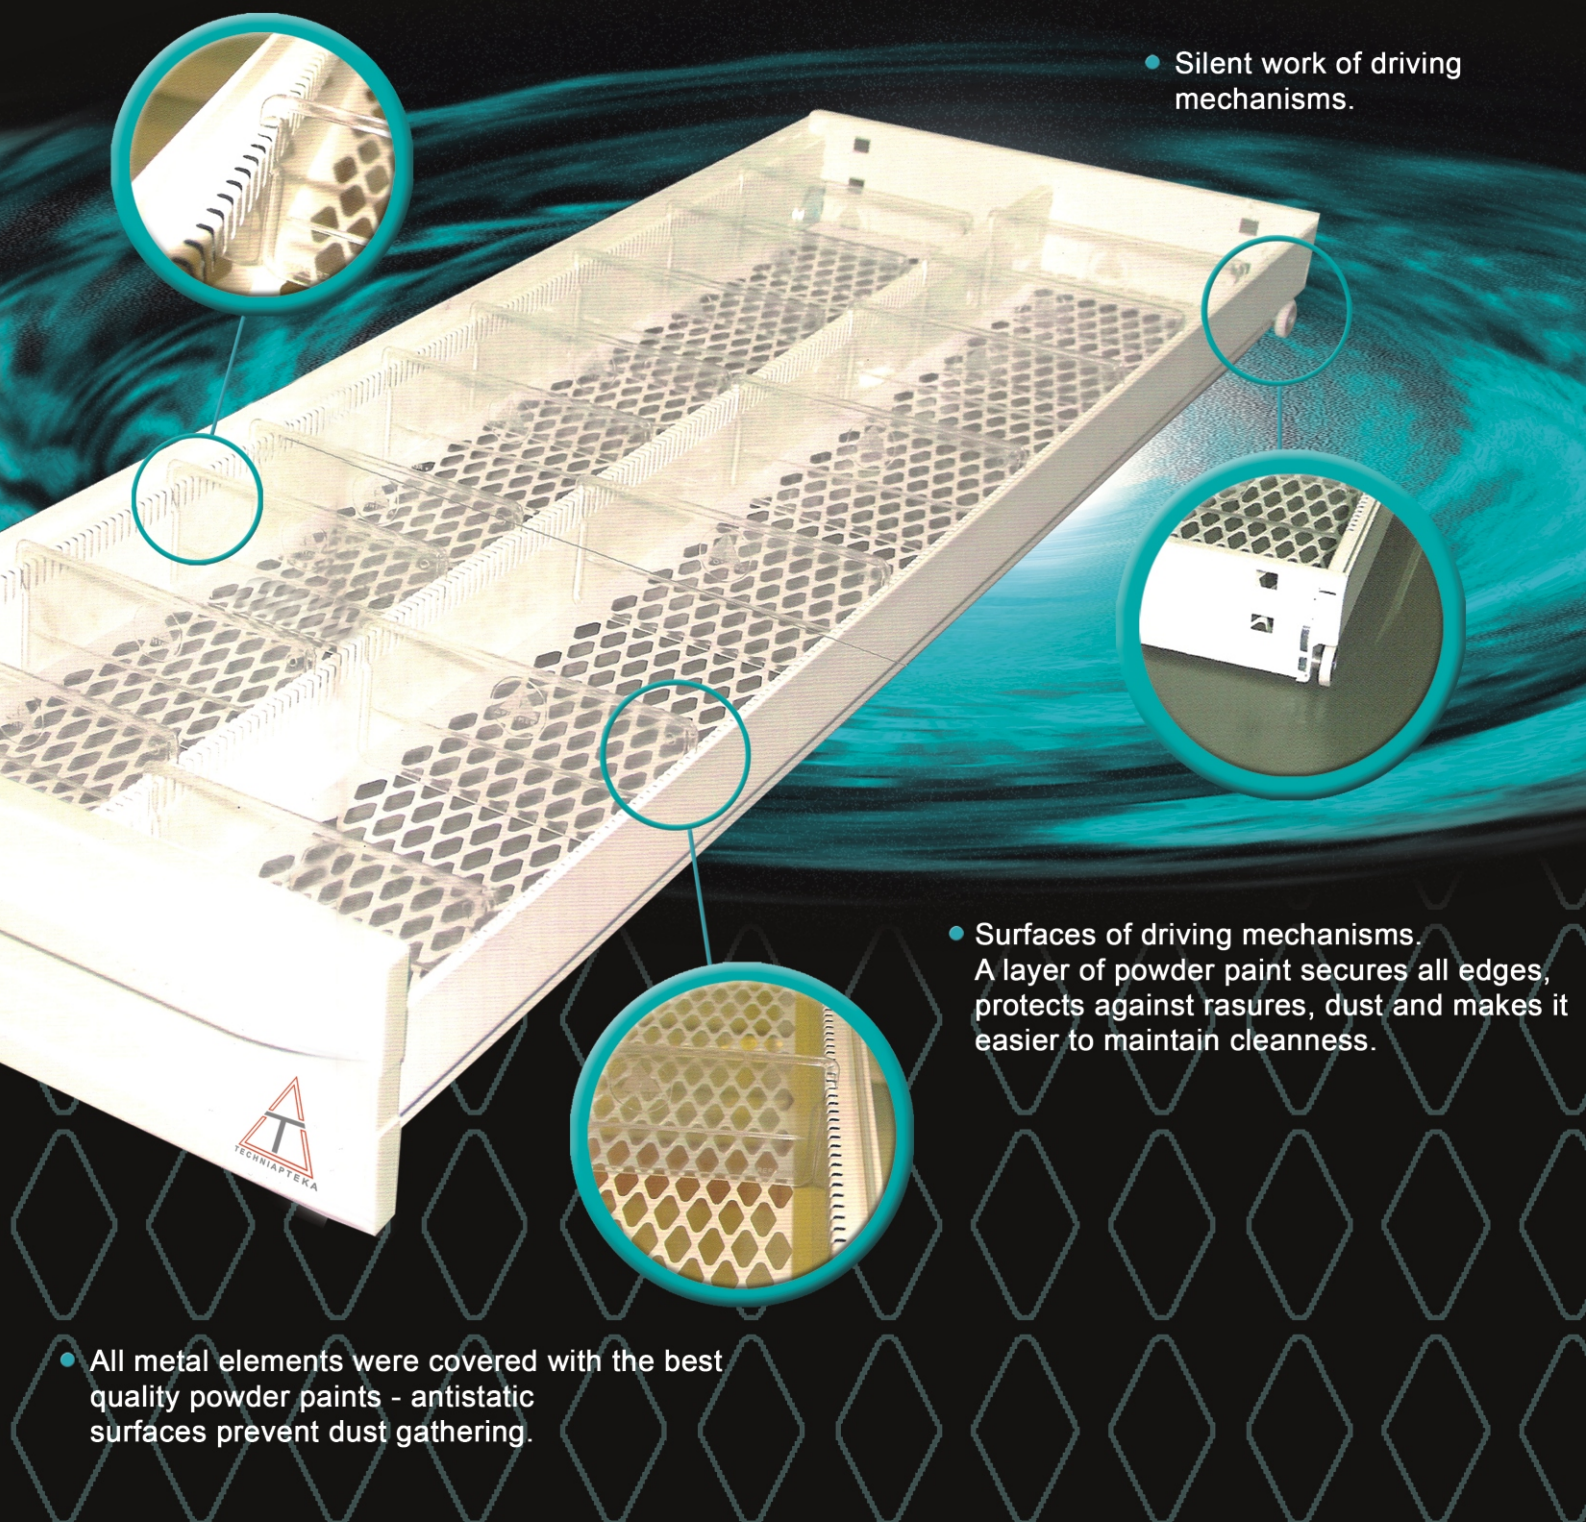

• combination of drawers

|                | A     | B     | C     | D     |
|----------------|-------|-------|-------|-------|
| m              | 28    | 26    | 24    | 16    |
| m <sup>2</sup> | 4,82  | 4,47  | 4,13  | 2,75  |
| kg             | 152,4 | 145,8 | 139,2 | 112,8 |

- Silent work of driving mechanisms.

- Surfaces of driving mechanisms. A layer of powder paint secures all edges, protects against rasures, dust and makes it easier to maintain cleanness.

- All metal elements were covered with the best quality powder paints - antistatic surfaces prevent dust gathering.

- 
- Thanks to deep stacking drawer systems STEEL BOX, the time necessary to localize a given medicine is shortened to a minimum, which allows for quicker service and devoting more time to a patient.
  - Systems of organization and storage of medicinal drugs STEEL BOX allow for maximal decreasing of storage areas (storage capacity of STEEL BOX drawer system is by approximately 78% bigger than capacity of traditional warehouse stack).
  - Independent columns allow for free-form connecting and dividing in case of a necessity to make changes in a pharmacy.
  - Casing well-fitting the existing furniture in the pharmacy or client's expectations.
  - Quality of workmanship confirmed by a 5-years warranty.
-

# Features and advantages

- Innovative way of arrangement of medicines in a drawer.
- Easy and simple system of localization of drugs.
- Exceptionally easy opening of drawers.
- Efficient control of quantities on hand and minimalization of redundant stock.
